

# Profec Flangering PVC-U 20 mm 16bar DN15 grå PN10/16 (0110918)

# TEKNISKE SPECIFIKATIONER

Farve                                      grå

Materiale                                PVC-U

Egnet til                                    0110898

Egnet til                                    0169835

Størrelse                                 20 mm

Bolt

Pakning                                 220 stk.

DN    15

Indre Ø                                    28 mm

Flange                                      PN10/16

Ydre Ø                                      96 mm

Vægt                                        0.07 kg

Tykkelse                                 11 mm

Tryk                                         16 bar

Bolthul                                    14 mm

Huller                                       4

# DIMENSIONER

Db 96 mm

O 14 mm

PCD 65 mm

ØDi-1 28 mm
